
2027 Ride Designs® Level 2 Certification Course

Travel Guide and Course Schedule

Welcome

Thanks for registering for the upcoming Ride Designs Certification Course! We are very excited to meet you and to begin working together. This document includes hotel information, directions to the Ride Facility, transportation information and the registration packet that includes a breakdown of each day of the course.

Denver International Airport is roughly 45 minutes to one hour from the Ride Designs office. Recommended lodging options are listed below.

Be sure to ask for the "Ride Designs/Aspen Seating Rate" when booking your room!

At this time, the hotels don't offer shuttle service to/from the airport. However, we have included a list of all rental car and shuttle companies that operate out of DIA (Denver International Airport). There is also some information on the A-Line train service.

We will provide breakfast, lunch, and snacks each day of the course. We encourage you to book your departure flight after 5:30 p.m. if departing at the end day two (Thursday), or if attending the optional Hand Skills Lab on day three (Friday) and departing Friday evening.

Please feel free to contact us with any questions or concerns!

Map & Directions

Ride Designs
8100 SouthPark Way
C400
Littleton, CO 80120

303.781.1633
866.781.1722

From C470 Exit north onto S. Broadway. Take an immediate left onto W. County Line Rd. Turn right on Southpark Lane which will eventually curve to the left. Near the end of the curve you will see a sign that says South West Business Center, 8100 SouthPark Way. Turn right into that parking lot. We are located in Building C, unit 400, in the back corner. There is a building map at the entrance to the parking lot.

From Sante Fe Blvd. Turn east on to W. Mineral Ave. Turn right on to SouthPark Way. Enter the last parking lot on the left, before you get to Southpark Lane. There is a sign in front that says South West Business Center, 8100 SouthPark Way. We are located in Building C, unit 400, in the back corner. There is a building map at the entrance to the parking lot.
